DR. WALTER H. JOHNS,
President of the University

the president's message

Universities are often regarded as among the most conservative institutions in the nation—steeped in tradition and resistant to change. They do, however, reflect the society of which they are a part and which they serve, and in the midst of rapidly changing conditions they will also undergo swift changes in their plans and their functions.

Two great factors are particularly potent in Canadian university life today. The first of these is a growing maturity which is represented by the ability of the larger institutions to provide for the graduate education of their own students and those of other countries and to reap the fruits of the research that is a consequence of such training. The second is the appreciation by Canadians of the fact that they have a responsibility for helping provide for the education of the future leaders of those countries which have recently achieved independence as nations, often with a great lack of educated men and women to provide political and economic leadership so necessary to their life.

The University of Alberta is playing its part in these two fields and its campus is becoming a much more interesting place in which our own students can live and study.

These changes necessitate careful planning on the part of many people and the year 1961-'62 will be a significant milestone in the life of the University for this reason. By the time the class of '62 graduate the plans for the next ten or twenty years should have begun to emerge from the deliberations of many committees, boards, and councils, and it should be an exciting and challenging prospect.

To all the students here this year, undergraduate and graduate, regular or summer session, daytime or evening program, we extend good wishes for their short stay here and for the long years of service ahead.

THE STUDENTS' UNION

UNIVERSITY OF ALBERTA

EDMONTON, ALBERTA

MR. PETER S. HYNDMAN
President Students' Union

The factor most significantly influencing student government and student activity on our campus during the past year has been that which is most significantly influencing our University itself: rapidly increasing population, and resultingly, facilities of decreasing adequacy.

Concomitant with this influence, and with an eye to the future of extracurricular activity, Students' Council during the past year involved itself extensively in study and planning for the future expansion of the Students' Union Building. Associated with considerations of physical expansion has been the need to analyze the organizational structure of our Students' Union, and Students' Council worked extensively in re-shaping this structure to more effectively cope with multiplying activities and problems. The Students' Union awards system and elections system were extensively revised during the past year. In the publication field, Students' Council dealt at some length with policies relating to the Gateway and the Evergreen and Gold.

A very desirable change in the atmosphere of student activity during the past year has been the increasing influence of foreign students in every area of campus activity. It is hoped that the numbers and influence of our international friends will steadily increase in the years to come. The activities of student government this year included efforts to assist and facilitate the introduction of our foreign friends to campus life.

It is with considerable pride that we should all remember the strong show of support tendered the National Federation of Canadian University Students this year by Students' Council. For an interest in and a strong support of NFCUS by every student on our campus is essential for the health of student activity in Canada and for the future of our country.

I would certainly feel remiss at this time if to all those with whom I have been associated during the past year in the field of student government—and particularly to the members of Students' Council—I did not express my sincere gratitude for their friendship, teamwork, and assistance. As well, it would be unfair if thanks were not expressed to Dr. W. H. Johns and those members of his administration who continue to exhibit a striking readiness to assist the Students' Union in whatever manner possible. The mutual trust and co-operation exhibited this year between the Students' Union and the administration will, I hope, provide a favorable standard for the years to come.

It has been said that extracurricular activities are an undesirable aspect of university life. The great danger of this philosophy is that it disregards the tremendous education in teamwork which such activities provide. Broadly extended, a philosophy which deprecates extracurricular activity serves also to deprecate the endeavors necessary to maintain the basic institutions fundamental to the survival of a democratic society. It is to be hoped that the high standard of extracurricular activity established on our campus in years past will be maintained and strengthened in those to come.

To those graduating this year may I extend a sincere wish for personal success and the fond remembrance of the University of Alberta; to those of the undergraduate body may I express a sincere wish for the future success of extracurricular activity at the University of Alberta.

MODEL PARLIAMENT

political science club

The Political Science Club has two purposes on campus. These are to increase political awareness and to give grounding in parliamentary procedure. The main function of the year is a three-day sitting of model parliament, preceded by a vigorous campaign by the various political parties on campus.

Back Row (left to right): Peter Hyndman, Jack Yasayko, Bill Samis, Planning Officer; Ralph Hall.
Front Row (left to right): Donna Fraser, Duncan Marshall, Chairman; Marg Shandro.

A member of the Canadian Officer's Training Corps checks a gunsight prior to going out on a firing exercise at Sennelager in Germany. He is taking summer training with the 3rd Regiment, Royal Canadian Horse Artillery serving with Canada's NATO brigade in Europe.

Field Training . . . Tent lines of COTC at RCSA Camp Shilo, Man.

At the commencement of the University Year, 16 COTC and 2 ROIP Officer Cadets were recruited. This brought the total strength of the contingent to 90 Officers and Officer Cadets.

Plans for the construction of a new Tri-Service building was one of the best news items of the year. Brigadier W. S. Zeigler was appointed Honorary Colonel of the Contingent.

The events in which Officer Cadets participated were an informal gathering at Winterburn on September 25, a Tri-Service Smoker on November 6, and the Memorial Service on November 11. On December 9, a turkey shoot was held, and the highlight of the year was the Tri-Service Ball held on January 26, at the Hamilton Gault Barracks. In addition, two Mess Dinners were held during the year.

During the academic year there were many interesting lectures, in particular the evening at Hamilton Gault Barracks where the PPCLI demonstrated infantry weapons.

Relaxation after a hard evening's training. O/CDTS Young, Edge, Hollingshead and Magee chatting with Lt. Col. MacGregor and Lt. Col. Heath.

Lewd lunchers amused

In terms of audience size and laughs per minute, debating is at a height probably never seen before on this campus. But it is paying the price.

University debating has traditionally connoted a level of academic skill associated with few other activities open to students. Politicians, academicians, and other "leaders" in our society remember debating as a worthwhile experience both from the aspect of public speaking and the knowledge gained in preparing topics.

The debating now being exhibited on campus is a different matter.

a girl, cheese sandwiches may pause in their maw-ward journey so that the result of the barrassment may be better observed.

No longer do debaters prepare their dresses with a view to crushing their opponents with sheer brilliance of thought and analysis. Instead, they compose "gag lines" carefully intersperse them through the less prattlings. There is more to debating than telling clever little jokes or making the front row blush.

Another manifestation of the change in debating at U of A is the recent rash of challenges. Political, service, and religious organizations are using the podium to promote their causes. Challenges are tossed out with the intention of shaming the opposition into conceding.

Audiences are important to debating, even if it is to reach audiences. But if the audience becomes so important that topics are prostituted to speeches become entertainment by amateur comedians, it may be time to move the debating back into dank rooms in the arts and science building.

tennis

The University of Alberta Tennis Team, coached by Al Affleck, this year travelled to Saskatoon to defend their Intervarsity crown. Although they did not retain the championship, they lost it in very closely matched play. The team was plagued by injuries to several players, and hampered in practice sessions by inclement weather.

Front row, left to right: Diane Hollingsworth, Pat Shandro, Linda Clute
Back row, left to right: Lyall McCurdy, Lance Richards, Wes Alexander.

rugger

Rugger hit the U. of A. campus this year, and while it didn't produce a championship team, it finished third in a six-team league. The Bears also contributed five players to the league's All-Star team: Nev Anderson, Derek Hingham, Dr. Max Howell, John Mann, and Peter Nash. Big things are expected next year, with two teams anticipated.

Front row (left to right): Ida Thompson, Andrea Borys, Joan Smith, Brenda Matas, Barbara Woywitka, Irma Feldmeyer.

The University of Alberta women's volleyball team captured the Sam Landa trophy in the double round-robin tournament held at the U. of A.

Alberta won seven of their games, while the University of British Columbia placed second, winning five. Both the University of Saskatchewan and the University of Manitoba placed third, winning four of their games. U. A. C. failed to win any games, placing last.

women's curling

Colleen MacKenzie, skip.
Gail Walker, third.
June Coyle, second.
Mary Oldring, lead.

The U. of A. Women's curling team travelled to Vancouver in February to compete with U. B. C., Saskatchewan and Manitoba for the Intervarsity curling championship. Saskatchewan emerged victorious with Alberta, B.C. and Manitoba following.

The team also competed in the Christmas mixed bonspiel, being defeated in the finals by Bob Esdale.

women's skating

During the WCIAU sports weekend at the U. of A., four women's skating teams competed for the Irving Kline figure skating trophy. The University of British Columbia and the University of Saskatchewan teams tied for first, while Alberta placed third. Alberta accumulated twelve points in seconds and thirds.

Back row (left to right): Wendy Cotter, Cathie Whelihan, Jeannie Welsh (coach), Marion Ring, Sheena Laycraft.

Front row (left to right): Daryll Adams, Lynn Graham, Sue Price, Pat Gerlach.

fencing

The Millman Trophy, emblematic of inter-varsity supremacy was won this year by U.B.C. The women held up their side of the bargain, but the men . . . Nick Rosta spent many hours coaching the team and was directly responsible for the female victory.

THE UNIVERSITY TEAM

The team competed against strong teams from U.B.C., U. of S. and U. of M. They managed only one win in the two-day competition. Special congratulations are the order for Linda Gooder. Besides winning Alberta's only match, she took Ann Murry, a three-time Canadian champion, to three games, winning the first 11-3 and leading in the second, 9-5. Mr. Alf Ingall and wife, Pauline, coached the team. U.B.C. won the meet with 16 points. U. of M., with 12, was second.

Residence won the "A" League championship this year. The team is touted as the best in Residence history. The team is to be congratulated on beating the Junior Bear Cats in an exhibition game. At this time the Junior Bears were sporting a long winning streak.

volleyball

L.D.S. won the "A" League championship as was expected. The favored Saints met little competition. Teamwork and the use of the spike were the deciding factors in this league.

water polo

This very exciting spectator sport was won this year by D.K.E. "Spirit was the answer" sayeth Dennis Christensen, and so it was. The D.K.E.s beat Kappa-Sigma in a fast moving, exhaustive game.

swimming

Swimming was won this year by the Phi-Delts. They collected a total of 165 intramural points. The K-Sigs frat club came second with 141.

Who is this guy, and why?

Bottoms up!

DAVE JENKINS

BOB BRADBURN

golf

Low scores were attained by Bob Bradburn and Dave Jenkins. Both shot identical nine-hole scores of 36 in intramural points. St. Steve's won the competition.

badminton

Singles was undecided at press time. The doubles was won by Nev Anderson and Ro Riley, playing for Phi Delta Theta. The doubles was an exciting upset over Bob Marik and Judge Cairns of D.K.E. The Tea Drinkers won the first game and were stopped by a powerful backhand crosscourt smash innovated by Nev Anderson.

NEV ANDERSON
in action!

men's intramurals

football

The men of the Phi Delta Theta successfully defended their championship again this year. This marks the seventh time in eight years that the Phi-Delts have won the trophy. The Phi-Delts went undefeated this year mainly because of their hard-hitting, rough style of play.

Back row left to right: Derrick Higham, Nev Anderson, Don Graves, Ron Jans, Tarnie Williams.

Front row, left to right: Hugh McQueen, Bill Nield, John Ramsey, Stu Mulvey.

Front row, left to right: Karl Sterzer, Nick Kohlman, Brian Pinchbeck, Geoff Lucas, Stan Souch.

Back row, left to right: Rod White, Jim Wojcicki, Dick Arth, Al Morgan, Mike O'Donnell, Gene Romaniuk, Mac Kryzanowski, Wayne Kotch, Clint Sopchyshyn, manager.

Missing: defenceman Gordon Severin.

hockey

Education won the "A" League quite easily. The final was an offensive type game with several penalties, with education coming out on top. Physical education was the favorite, but lack of practice showed in the end.
